Introduction:

Oriental College of Education and Research organized an educational visit for B.Ed. students to **Visual Birds Studio** on **26th April 2025** at **11:00 AM**. The objective of the visit was to expose students to emerging fields like **Digital Sketching, Motion Graphics, and Visual Effects (VFX)**, and to provide them with insights into creative career opportunities.

Details of the Visit:

The visit commenced with a warm welcome by the team at Visual Birds Studio. Students attended an interactive **workshop session** where experts explained the basics of:

- **Digital Sketching Techniques**
- **Motion Graphics Creation**
- **Introduction to VFX Technologies and Applications**

Professionals from the studio demonstrated live projects and software tools used in the industry, giving students a practical understanding of creative digital media production.

Following the workshop, students were taken on a **guided tour of the studio**, where they witnessed various departments at work — from pre-production, animation, and compositing to final output stages.

Learning Outcomes:

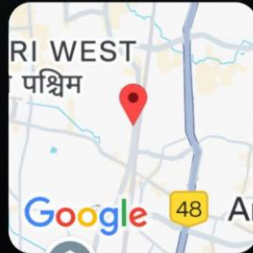

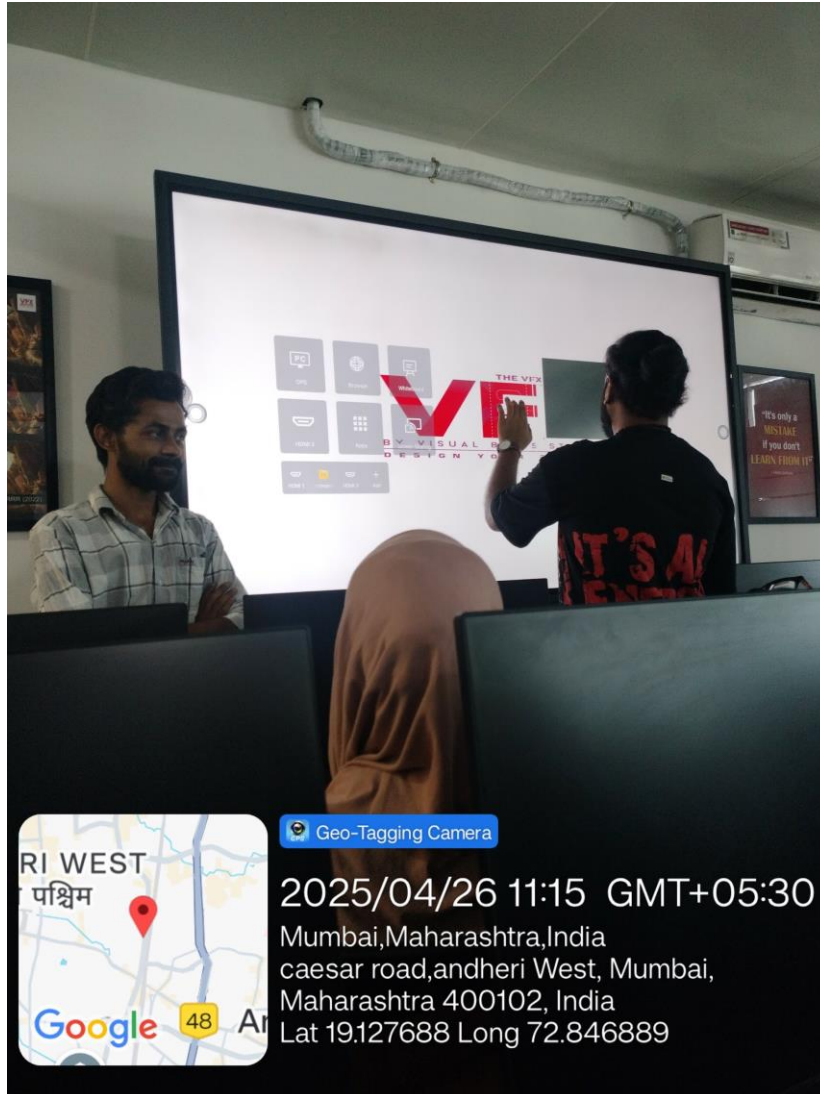

- Students gained firsthand experience of the processes involved in digital content creation.
- They learned about career opportunities in the fields of VFX, motion graphics, and digital arts.
- The session bridged theoretical knowledge with practical industry exposure, enhancing the students' critical understanding of emerging media in education and beyond.
