Report on Anti-Ragging Workshop

Date: July 10, 2024

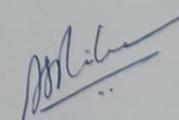

On July 10, 2024, our college hosted an Anti-Ragging Workshop. The event was organized by the Students and Teachers to raise awareness about the negative effects of ragging and to promote a safe and respectful environment on campus.

The workshop started with an introduction about the significance of a ragging-free campus. Several teachers speakers addressed the audience, discussing the psychological, legal, and social aspects of ragging. They highlighted the severe consequences for both the perpetrators and the victims.

Interactive sessions were held where students shared their experiences and concerns. Educational videos were shown to illustrate the impact of ragging, followed by a panel discussion involving faculty members and senior students. The event concluded with a Q&A session, providing students with practical advice on how to deal with ragging incidents.

Overall, the workshop was successful in educating students about the importance of preventing ragging and fostering a supportive campus community. The event underscored the college's commitment to ensuring a safe and inclusive environment for all students.
