Report on One-Day Seminar-cum-Workshop on “Innovative Teaching Methodologies and Experiential Learning”

The Internal Quality Assurance Cell (IQAC) and NEP Implementation Cell of *Oriental College of Education and Research* organized a one-day Seminar-cum-Workshop on “*Innovative Teaching Methodologies and Experiential Learning*” on 4th October 2025 in the college seminar hall. The event was designed for the B.Ed. First and Second Year students, with the objective of enhancing their understanding of experiential learning, promoting innovative pedagogical approaches, and preparing them for effective 21st-century classroom teaching. The program was conducted under the able guidance and leadership of Dr. Priyanka Pandey, Principal of the college. The session commenced with a warm welcome address by Dr. Vinayak Y. Shinde, followed by an insightful presentation on the National Education Policy (NEP) 2020 by Dr. Priyanka Pandey, who highlighted the integration of experiential learning and skill-based education within the new policy framework.

The workshop’s expert resource person was Mr. Durgmange Upadhyay from Buxar, Bihar — an eminent educator and trainer in innovative teaching methods and experiential learning. Mr. Upadhyay conducted an interactive and engaging session where he demonstrated various creative teaching methodologies, such as storytelling, poetry, singing, dancing, and action-based learning. Through practical demonstrations, he encouraged student-teachers to adopt joyful and participatory teaching techniques in their classrooms. The program was successfully organized by Dr. Veena Kasabe and Mrs. Anita Yadav, who ensured smooth coordination and participation throughout the event. Students enthusiastically participated in the activities and shared that the workshop provided them with valuable insights into how teaching can become a more meaningful, engaging, and learner-centered process.

Overall, the seminar-cum-workshop proved to be a fruitful and inspiring experience, motivating future educators to embrace innovative and experiential methods in their teaching journey.
