Reporting Time: 9:30 a.m. onwards

Venue: Classroom 401

Introduction

A Pidilite Workshop was organised in our college on 31st January from 9:30 a.m. onwards in Classroom 401. The workshop aimed to enhance students' creativity and provide practical exposure to art and craft techniques using Pidilite products. Shraddha Ma'am was invited as the resource person to conduct and guide the session.

Objectives of the Programme

The main objectives of the workshop were:

- To develop creativity and artistic skills among students.
- To provide hands-on experience with various craft materials.
- To encourage innovative thinking and design techniques.
- To familiarise students with the use of art materials such as colours, clay, and decorative mirrors.

Programme Highlights

The session commenced with an introduction by Shraddha Ma'am, who explained the purpose and process of the workshop. The college arranged all the necessary materials required for the activities.

Under her expert guidance, students created beautifully designed tote bags with attractive front patterns. They also prepared decorative wall hangings using cardboard, colours, clay, and mirrors. Shraddha Ma'am patiently demonstrated each step and provided clear instructions, making it easy for everyone to follow.

All the students participated enthusiastically and displayed great creativity in their work. The interactive and practical nature of the workshop made the learning experience enjoyable and meaningful.

At the end of the session, students were asked to fill out an online feedback form to receive their certificates. After submitting the form, they were able to download their participation certificates successfully.

Conclusion

The Pidilite Workshop was informative, creative, and engaging. It provided valuable practical knowledge and helped students enhance their artistic skills and confidence. We sincerely thank Shradha Ma'am and the college management for organising such a productive and skill-enhancing programme.
