

Unit Test Planning and Blueprint Preparation Workshop Report

Date: 29th August 2026

Time: 10:00 a.m. to 01:00 p.m.

Venue: Room No. 401, Oriental College of Education and Research (OCER), Andheri

Organized by: Oriental College of Education and Research (OCER)

Introduction

A Workshop on Unit Test Planning and Blueprint Preparation was organized for Semester III B.Ed. student-teachers as a part of their Internship Programme. The workshop was conducted to provide practical guidance on preparing unit tests and developing blueprints in accordance with learning objectives and assessment requirements. The session enabled students to gain hands-on experience in planning and designing effective assessment tools.

Objectives

- To familiarize student-teachers with the process of unit test preparation.
- To develop an understanding of blueprint construction for scholastic assessment.
- To enable students to align learning objectives, content, and question types while preparing tests.
- To provide practical experience in designing assessment tools required during the internship programme.

Program Highlights

- The workshop commenced with an introductory session conducted by Ms. Faiza Ansari, Faculty, OCER.
- Ms. Ansari explained the concept, importance, and steps involved in Unit Test Planning and highlighted the role of blueprints in ensuring balanced and objective assessment.
- Detailed guidance was provided on determining weightage to content, objectives, marks, and forms of questions while preparing a blueprint.
- Examples and practical illustrations were used to help students understand the systematic process of test construction.
- Following the interactive session, students actively engaged in the preparation of blueprints for their respective school subjects under the guidance of the resource person.

- Individual support and feedback were provided to students to ensure the accuracy and effectiveness of their work.
- The workshop created an opportunity for student-teachers to develop confidence in preparing unit tests as a part of their internship activities.

Conclusion

The workshop proved to be highly informative and practical for the Semester III B.Ed. students. Through the guidance of Ms. Faiza Ansari and the hands-on blueprint preparation activity, the participants developed a better understanding of assessment planning and test construction. The workshop successfully enhanced their readiness for internship-related academic responsibilities and assessment practices.
